Title Index

Agriculture and Stream Water Quality: a Biological Evaluation of Erosion Control Practices: D. R. Lenat, 333–344

Ambient Air Quality Standards in China: T. A. Siddiqi and Z. Chong-Xian, 473–480

Animals as Indicators of Ecosystem Responses to Air Emissions: J. R. Newman and R. K. Schreiber, 309–324

Application of Nutrient Loading Models to the Analysis of Trophic Conditions in Lake Okeechobee, Florida: C. R. Kratzer and P. L. Brezonik, 109–120

Application of the Wilderness Travel Simulation Model to the Appalachian Trail in Vermont: F. I. Potter III and R. E. Manning, 543–550

An Assessment of Historical Change in Two Northern Minnesota Lakes: J. R. Hargis and L. J. Shannon, 481–488

An Assessment of Urban Development into Coastal Wetlands Using Historical Aerial Photography: a Case Study: W. R. Niedzwiedz and S. S. Batie, 205–214

A Better Rationale for Wetland Management: R. W. Nelson and E. C. Weller, 295–308

Characteristics of Winter Backcountry Use in Great Smoky Mountains National Park: W. E. Hammitt and J. L. Hughes, 161–166

A Coastal Cliff Management District for Protection of Eroding High Relief Coasts: K. F. Nordstrom and W. H. Renwick, 197–204

A Conceptual Framework for Environmental Protection: M. W. Gilliland, 463–472

Conflicting Energy and Environmental Policies: The Portsmouth Oil Refinery: Y. H. Choi, 101–108

Determination of Optimum Minimum Flow from a Dam by Using Energy Analysis: J. B. Williams and H. N. McKellar, Jr., 345–352

Determining Residential Firewood Consumption: A. P. C. Marsinko, D. R. Phillips, and H. K. Cordell, 359–366

Determining Size and Dispersion of Minimum Viable Populations for Land Management Planning and Species Conservation: J. F. Lehmkuhl, 167–176

Dynamics of Fisheries that Affect the Population Growth Rate Coefficient: A. L. Jensen, 135–140

Ecological Approach to Resource Survey and Planning for Environmentally Significant Areas: The ABC Method: J. D. Bastedo, J. G. Nelson, and J. B. Theberge, 125–134

Effects of Increased Wood Energy Consumption on Carbon Storage in Forests of the United States: T. V. Armentano, 529–538

Effects of Stream Channelization on Exports of Nitrogen and Phosphorus from North Carolina Coastal Plain Watersheds: L. A. Yarbro, E. J. Kuenzler, P. J. Mulholland, and R. P. Sniffen, 151–160

The Emerging Concepts of Environmental Issues in Africa: E. G. Howard-Clinton, 187–190

Environmental Resource Management on the Munduruku Savanna: E. M. Sheffler and E. E. Southwick, 215–220

Firewood Consumption in a Nepali Village: J. Fox, 243–250

Flood Information Systems: Needs and Improvements in Eastern India: R. Schware, 55–66

The Guild Concept Applied to Management of Bird Populations: J. Verner, 1–14

Habitat Classification: a Comparison Using Avian Species and Guilds: R. M. DeGraaf and N. L. Chadwick, 511–518

Hedgerows and Hedgerow Networks in Landscape Ecology: R. T. T. Forman and J. Baudry, 495–510

Implementation of Two New Resource Management Information Systems in Australia: S. R. Kessell, R. B. Good, and A. J. M. Hopkins, 251–270

Land Classification Used to Select Abandoned Hazardous Waste Study Sites: M. A. Shirazi, 281–286

Monitoring Total Suspended Solids by Using Nephelometry: H. G. Earhart, 81–86

Natural Factors and Human Modifications Contributing to Marsh Loss in Louisiana's Mississippi River Deltaic Plain: L. A. Deegan, H. M. Kennedy, and C. Neill, 519–528

New Perspectives in Ecotoxicology: S. A. Levin and K. D. Kimball, eds., 375–442

A Note of Thanks to Our Referees: R. S. De Santo, 453

Oil Spill Studies: A Review of Ecological Effects: J. M. Teal and R. W. Howarth, 27–44

Problems in Local Emergency Management: J. R. Labadie, 489–494

Progress and Privilege: A Book about Environmentalism Meets the Press: W. J. Bennetta, 455–462

Project Appraisal and Planning for Overdeveloped Countries: I. The Costing of Nonrenewable Resources: C. Price, 221–232

Project Appraisal and Planning for Overdeveloped Countries: II. Shadow Pricing under Uncertainty: C Price, 233–242

Recreational Impacts on Colorado River Beaches in Glen Canyon, Arizona: S. W. Carothers, R. A. Johnson, and R. Dolan, 353–358

Regional Planning Acceptance by Residents of Northern New York, USA: P. Bobrow, B. Gaige, G. Harris, J. Kennedy, L. King, W. Raymond, and D. Werbitsky, 45–54

Response of Georges Bank Cod to Periodic and Nonperiodic Oil Spill Events: M. Reed and M. L. Spaulding, 67–74

Risk Cognition and the Public: The Case of Three Mile Island: S. L. Cutter, 15–20

Salt Marsh Vegetation Change in Response to Tidal Restriction: C. T. Roman, W. A. Niering, and R. S. Warren, 141–150

Sequential Sampling: A Cost-Effective Approach for Monitoring Benthic Macroinvertebrates in Environmental Impact Assessments: V. H. Resh and D. G. Price, 75–80

Soybean Row-spacing: Effects on Arthropod Population Patterns and Sampling Considerations: M. A. Mayse, 325–332

Subsampling Program for the Estimation of Fish Impingement: J. J. Beauchamp and K. D. Kumar, 539–542

Survey of State Water Quality Monitoring Programs: J. A. Perry, R. C. Ward, and J. C. Loftis, 21–26

Sweet for the Sour: Incentives in Environmental Mediation: J. H. Sorensen, J. Soderstrom, and S. A. Carnes, 287–294

Who Should Prepare Environmental Impact Assessments? M. Hollick, 191–196
Why Not in Your Backyard? Scientific Data and Nonrational Decisions about Risk: D. E. Willard and M. M. Swenson, 93–100
Wildlife Resources in Creating the New Alaskan Parks and Preserves: R. G. Wright, 121–124

STATEMENT OF OWNERSHIP, MANAGEMENT, AND CIRCULATION (Required by 39 U.S.C. 3685). (1) Title of publication: Environmental Management. A. Publication No.: 0364152X. (2) Date of filing: 10/1/84. (3) Frequency of issue: bimonthly. A. No. of issues published annually, 6. B. Annual subscription price, $99.00. (4) Location of known office of publication: 175 Fifth Avenue, New York, NY 10010. (5) Location of the headquarters of general business offices of the publishers: 175 Fifth Avenue, New York, NY 10010. (6) Names and addresses of publisher, editor, and managing editor: Publisher: Springer-Verlag New York Inc., 175 Fifth Avenue, New York, NY 10010. Editor: Dr. Robert De Santo, P.O. Box AA, Niantic, CT 06357. Managing Editor: Springer-Verlag New York Inc., 175 Fifth Avenue, New York, NY 10010. (7) Owner: Springer Export GmbH, Tiergartenstr. 17, D-6900 Heidelberg, West Germany, and Springer-Verlag Berlin, Heidelberger Platz 3, D-1000 Berlin 33, West Germany. (8) Known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total of bonds, mortgages, or other securities: none. (9) The purpose, function, and nonprofit status of this organization and the exempt status for Federal income tax purposes: has not changed during preceding 12 months. (10) Extent and nature of circulation. A. Total no. copies printed (net press run): average no. copies each issue during the preceding 12 months, 960; no. copies single issue nearest to filing date, 900. B. Paid circulation: 1. Sales through dealers and carriers, street vendors, and counter sales: average no. copies each issue during the preceding 12 months, 240; no. copies single issue nearest to filing date, 240. 2. Mail subscriptions: average no. copies each issue during preceding 12 months, 394; no. copies single issue nearest to filing date, 414. C. Total paid circulation: average no. copies each issue during preceding 12 months, 634; no. copies single issue nearest to filing date, 654. D. Free distribution by mail, carrier, or other means. 1. Sample, complimentary, and other free copies: average no. copies each issue during preceding 12 months, 107; no. copies single issue nearest to filing date, 107. 2. Copies distributed to new agents but not sold, none. E. Total distribution: average no. copies each issue during the preceding 12 months, 741; no. copies single issue nearest to filing date, 761. F. Office use, left-over, unaccounted, spoiled after printing: average no. copies each issue during preceding 12 months, 219; no. copies single issue nearest to filing date, 139. G. Total: average no. copies each issue during preceding 12 months, 960; no. copies single issue nearest to filing date, 900. I certify that the statements made by me above are correct and complete.
